YOUTH PROGRAMS/FIELD TRIPS

Youth group activities can present a wide range of loss exposures. First, and foremost is the need to have pre-screened adult supervision for all youth group activities and outings. One-on-one contact with a youth and adult and with the youth themselves should be avoided. This is especially important in “at risk” situations (i.e. overnight field trips, non-public areas, etc.).

Field trip permission and release forms and, if applicable, driver screening forms, should be utilized for all off-site functions. All volunteers and chaperone drivers **must** be at least 21 years of age. In some situations, it may be recommended **not** to have your church/school responsible for providing transportation to an off-site location. In these cases, it should be the parent’s/guardian’s responsibility for taking and picking up their child from the activity site/function.

Steps to Safe Youth Activities

Supervision

It is important that there is proper supervision of the young adults. Make sure that the ratio between staff and youth is adequate and that chaperones actually chaperone. Never leave a youth alone whether it is after an event or after the youth meeting. Make sure that all youths are picked up before chaperones or teachers leave the premises. Never place yourself in an indefensible position due to a lack of common sense.

Communication

Make sure that parents/guardians are aware of the when, where and how of an activity through written communication. Listen to the concerns of parents/guardians. It is also wise to develop policies on how to respond in given situations.

Transportation

Whether the vehicle belongs to the parish, school, a volunteer, or is rented, make sure there is adequate insurance on the vehicle(s). Do not overload the vehicles. Make sure that there are enough seat belts for every passenger in the vehicle. Do not allow students to drive. All drivers must be 21 years of age or older to transport students to and from activities. Situations do arise where the availability of parish/school approved drivers for offsite activities is inadequate. Often, the best and only solution is to have parents/guardians responsible to take and pick up the youth member from the activity site.

Planning

Make sure that all events are planned in detail and that everyone knows their part in the event. Transportation requirements are a very important part of your planning.

Training

Make sure that applications are used to screen both paid and volunteer persons and check references and backgrounds of individuals. Someone, either paid or volunteer, should have some Emergency First Aid training during any activity.

Documentation

Written records should be kept of all activities, including the where, what and when of the activity. Permission slips for all field trips and insurance forms on all vehicles should be kept for future reference. Accident reports should be filed immediately after any incident.

Avoidance

Youth activities should avoid inherently dangerous activities (i.e. hot air ballooning, skiing, inner tubing, white water rafting, boating, skydiving, ropes courses, etc.) to limit the liability exposure. When your common sense creates doubt, contact Catholic Mutual. Never allow drugs or alcohol during youth activities.

In summary, the 10 steps to a safe Youth Activity are as follows:

- 1) Maintain good documentation.
- 2) Screen and train your staff.
- 3) Provide adequate staffing for the activity.
- 4) Be prepared and know how to respond to an emergency.
- 5) Avoid inherently dangerous activities.
- 6) Continuously provide close supervision.
- 7) Do not overcrowd a vehicle.
- 8) Do not allow a student to drive. All drivers must be at least 21 years of age.
- 9) All vehicle occupants must have and use seat belts.
- 10) Always use permission slips.

Diocese of Corpus Christi

FIELD TRIP (Statement of Policy)

The Diocese of Corpus Christi and/or _____ (School) recognizes the importance and value of trips for educational field study and approves of these visits to places of spiritual, cultural or educational significance to further enrich the lessons of the classroom. This policy permits principals, vice principals, youth ministers, etc. to approve of field trips during normal school/meeting hours on a single day. However, if out-of-diocese field trips, or any field trips to foreign countries, are planned, these must have the ultimate approval of the Superintendent of the Diocese of Corpus Christi. The following regulations should be taken into consideration when any field trips are being planned:

1. Adequate supervision by qualified adults, including one or more employees of the school.
2. Waivers by all adults and all parents/guardians of students taking any field trip of all claims against the Diocese of Corpus Christi and the school for injury, accident, illness or death occurring during, or by reason of, the field trip.
3. Proper insurance for students, personnel, and equipment. Any children and chaperones registering for a field trip should be able to show evidence of medical/health insurance for any accidents/bodily injury sustained on a field trip. If necessary, group accident insurance can be tailored and written on an event-specific basis. Please consult the claims office of Catholic Mutual Group, if you have any questions. In addition, anyone bringing special equipment or gear from home for the benefit of the field trip should be advised that they are responsible for providing insurance in the event of damage, theft or other unforeseen circumstances.
4. If a fee is charged for the field trip, a contingency should be made for any student who cannot afford the trip. Ideally, a student should not be excluded because lack of funds.
5. Inclusion of a proper first aid kit and fire extinguisher.
6. Permission in a written form from each student's parent or legal guardian to provide medical treatment, if necessary.

Finally, to insure the desired outcome of such field trips, teachers should prepare the students for the place that is to be visited and the things that are to be seen. Additionally, the teacher should make an advance visit to the site of the field trip so that any and all unforeseen circumstances, situations, and/or events could be properly planned for, so that any difficulties would be minimized.
